#### 2026 SUPER DUTY® PICKUP (F-250 / F-350 / F-450) MAJOR PRODUCT CHANGES

#### OVERVIEW

The 2026 Super Duty® builds on a simplified offering strategy while extending its long-established reputation for power, durability, and advanced technology. The SuperCab 148" Wheelbase is now available on XL. Ford Co-Pilot360® Technology and 360-Degree Cameras are available together across Trims. The 6.8L gas engine is standard on XL, XLT and Lariat. On King Ranch® trim and higher, the 7.3L gas becomes the standard engine. 6.7L Power Stroke® diesel remains an option for all Trims. Wheel upgrade options are associated with appearance packages. LED lamps are available to all Trims; included in STX and XLT Premium packages and standard Lariat/King Ranch/Platinum. 4x4 is standard beginning at XLT Trim.

#### To learn more about the features on this vehicle, go to www.forduniversity.com

<sup>1</sup> Modem activation is required to enable FordPass app remote features and most Connected Services. Ford TelematicsTM and Data Services Prep included for Fleet ONLY: 5G Wi-Fi Modem provides data to support telematics and data services including but not limited to vehicle location, speed, idle time, fuel, vehicle diagnostics and maintenance alerts. Device enables telematics services through Ford or authorized providers. Activate at www.fleet.ford.com or call 833-FCS-Ford (833-327-3673)
<sup>2</sup> Ford Connectivity Package included for one-year from warranty start date. Evolving technology/cellular networks/vehicle capability may limit functionality and prevent operation of connected features. To activate the one-year complimentary trial, retail modem authorization and credit card authorization for auto renewal is required; customer may cancel at any time.
