III. Americans with Disabilities Act (ADA) Resources

Chicago Metropolitan Agency for Planning (CMAP) Senior Planner Jake Seid presented information on their work to support communities in complying with Title II requirements and other resources available to guide ADA improvements.

Ms. Beckner asked which departments in local government should be involved in making sure the ADA plans are successful. Mr. Seid responded that elected officials, engineers, public work departments and managers should all be involved.

Mr. Porter asked if there was a list of municipalities with where they currently stand in compliance with ADA. Mr. Seid said that CMAP does not have that level of detail and only knows if a community currently has or does not have a plan.

Mr. Baxa asked if CMAP was considering hosting ADA events at CMAP offices rather than the far south suburbs. Mr. Seid answered that they are trying to reach other geographical areas of the region they don't go to usually and all of these meetings are planned to be hybrid so you could join from anywhere.

IV. Local Project Updates

Mr. Harper shared that the Village of Bartlett's board passed a resolution to adopt the Bartlett-Streamwood Bicycle and Pedestrian Plan. The village has also begun incorporating some of its bike paths in its capital budget projects.
